Left: Dos Nu Convertible Bra, \$59, Le Mystère, freshpair.com

pro tip: Don't assume a bra will fit! Labels can be misleading—and who cares if it says 34B or 34DD? Always try a bra on. It's the fit, comfort and support that count, not the size printed on the label.

pro tip: Make sure your bra is snug enough to stay in place, no matter how crazy you get on the dance floor. Hint: It shouldn't ride up when you raise your arms.
